

DIAMOND SALES FROM OENA DIAMOND MINE, SOUTH AFRICA

VANCOUVER, BRITISH COLUMBIA — 28 April 2017 – Tango Mining Limited (“Tango” or the “Company”) (TSXV:TGV) is pleased to provide an update on recent diamond sales results from the Oena Diamond Mine, Republic of South Africa (“Oena” or the “Property”). During the period 21 March to 17 April 2017, a total of 312 carats (199 diamonds) were produced. A total of 250 carats were placed on tender in Johannesburg and sold with an average price of US\$1,155 per carat. It is planned for 62 carats to be exported to Dubai to be sold by ATC Enterprises DMCC (“ATC”) (news release of 19 May 2015). Diamond production from Oena, since acquisition, now totals 876 carats and 804 carats have been sold at an average price of US\$1,290 per carat.

The top three highest value diamonds recovered during this period include: a 14.64 carat diamond which sold at US\$5,019 per carat, a 6.35 carat diamond which sold at US\$3,357 per carat and a 7.82 carat diamond which sold at US\$3,377 per carat.

About African Star Minerals (Pty) Limited (“ASM”)

ASM owns 100% of the Property which consists of an 8,800 hectares (“ha”) Converted Mining Right (“CMR”) located on the lower Orange River, Northern Cape Province, South Africa. Oena covers a 4.8 kilometre (“km”) wide strip along a 15-km length of the Orange River in a well-established alluvial diamond-mining province known to produce high quality and large sized diamonds. See news release of 18 November 2016 for information on the mining contractor.

About Tango Mining Limited

Tango via its South African subsidiaries hold three thermal coal, metallurgical and processing plant and engineering contracts that process 6.5 Mt of coal per annum, with clientele that include Exxaro. The three projects are located within the Ogies and Highveld coalfields, Mpumalanga Province and Kliprivier coalfield, KwaZulu-Natal Province, South Africa. The Company also holds an interest in the Oena Diamond Mine, an alluvial diamond property, Northern Cape Province, South Africa. Tango has a continued development plan in place to grow the business using the successful past 19-year business model of the South African operations, an established market presence and its proven successful operational reputation in the coal, base and precious metal and precious stone mining sector in Southern Africa.

Forward-Looking Statement

Certain information set forth in this news release contains “forward-looking statements” and “forward-looking information” under applicable securities laws. Except for statements of historical fact, certain information contained herein constitutes forward-looking statements, which include management’s assessment of future plans and operations and are based on current internal expectations, estimates, projections, assumptions and beliefs, which may prove to be incorrect. Some of the forward-looking statements may be identified by words such as “forecasts”, “estimates”, “expects” “anticipates”, “believes”, “projects”, “plans”, “outlook”, “capacity” and similar expressions. These statements are not guarantees of future performance and undue reliance should not be placed on them.

Such forward-looking statements necessarily involve known and unknown risks and uncertainties, which may cause the Company’s actual performance and financial results in future periods to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to statements with respect to the estimation of mineral resources; the realization of mineral resource estimates; anticipated future production, capital and operating costs; cash flows and mine life; potential size of a mineralized zone; potential expansion of mineralization; potential types of mining operations; permitting timelines; government regulation of exploration and mining operations; risks that

the presence of diamond deposits mentioned nearby the Company's property are not indicative of the diamond mineralization on the Company's property, the supply and demand for, deliveries of and the level and volatility of prices of rough diamonds, risks that the actual revenues will be less than projected; risks that the target production for the existing mining contracts will be less than projected or expected; risks that production will not commence as projected due to delay or inability to receive governmental approval of the Company's acquisition or the timely completion of an NI43-101 report; technical problems; inability of management to secure sales or third party purchase contracts; currency and interest rate fluctuations; foreign exchange fluctuations and foreign operations; mineral title; various events which could disrupt operations, including labor stoppages and severe weather conditions; and management's ability to anticipate and manage the foregoing factors and risks.

The forward-looking statements and information contained in this news release are based on certain assumptions regarding, among other things, future prices for coal and diamonds; future currency and exchange rates; the Company's ability to generate sufficient cash flow from operations and access capital markets to meet its future obligations; coal consumption levels; and the Company's ability to retain qualified staff and equipment in a cost-efficient manner to meet its demand. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. The reader is cautioned not to place undue reliance on forward-looking statements. The Company does not undertake to update any of the forward-looking statements contained in this news release unless required by law. The statements as to the Company's capacity to achieve revenue are no assurance that it will achieve these levels of revenue.
