

TANGO MINING ANNOUNCES APPOINTMENT OF CHIEF EXECUTIVE OFFICER

VANCOUVER, BRITISH COLUMBIA — 4 July 2017 – Tango Mining Limited (“Tango” or the “Company”) (TSXV:TGV) is pleased to announce that Samer Khalaf, who was appointed as non-executive director on 3 April 2017, has accepted the position of Chief Executive Officer of the Company. Samer has over 25 years of investment banking experience in the Middle East, Africa and Europe and has held senior positions at various institutions including Nomura Securities, Gazprombank and PrimeCorp Finance SA. His most recent position was as Director for Africa & Middle East at GPB Global Resources. Samer holds an economics degree from Syracuse University and an MBA in finance from Columbia Business School. He has also completed the executive program for energy at Harvard Business School.

Mr. Terry L Tucker, Executive Chairman and former Interim Chief Executive Officer stated: “I am very pleased to have Samer assume the role of Chief Executive Officer. He brings a wealth of experience to the Company and will provide strong leadership to Tango as it continues to develop and expand its operations in South Africa and the rest of the continent.”

The Company also confirms that it has issued 1,364,500 common shares in the capital stock of the Company at a price of \$0.05 per share in full and complete settlement of indebtedness with three creditors for an aggregate of \$68,225.

About Tango Mining Limited

Tango via its South African subsidiaries hold three thermal coal, metallurgical and processing plant and engineering contracts that process 6.5 Mt of coal per annum, with clientele that include Exxaro. The three projects are located within the Ogies and Highveld coalfields, Mpumalanga Province and Kliprivier coalfield, KwaZulu-Natal Province, South Africa. The Company also holds an interest in the Oena Diamond Mine, an alluvial diamond property, Northern Cape Province, South Africa. Tango has a continued development plan in place to grow the business using the successful past 19-year business model of the South African operations, an established market presence and its proven successful operational reputation in the coal, base and precious metal and precious stone mining sector in Africa.

On behalf of the Board of Directors of Tango Mining Limited

Mr Terry L. Tucker, P.Geo.

Executive Chairman

Forward-Looking Statement

Certain information set forth in this news release contains “forward-looking statements” and “forward-looking information” under applicable securities laws. Except for statements of historical fact, certain information contained herein constitutes forward-looking statements, which include management’s assessment of future plans and operations and are based on current internal expectations, estimates, projections, assumptions and beliefs, which may prove to be incorrect. Some of the forward-looking statements may be identified by words such as “forecasts”, “estimates”, “expects” “anticipates”, “believes”, “projects”, “plans”, “outlook”, “capacity” and similar expressions. These statements are not guarantees of future performance and undue reliance should not be placed on them.

Such forward-looking statements necessarily involve known and unknown risks and uncertainties, which may cause the Company’s actual performance and financial results in future periods to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to statements with respect to the estimation of mineral resources; the realization of mineral resource estimates; anticipated future production, capital and operating costs; cash flows and mine life; potential size of a mineralized zone; potential expansion of mineralization; potential types of mining operations; permitting timelines; government regulation of exploration and mining operations; risks that the presence of diamond deposits mentioned nearby the Company’s property are not indicative of the diamond mineralization on the Company’s property, the supply and demand for, deliveries of and the level and volatility of prices of rough diamonds, risks that the actual revenues will be less than projected; risks that the target production for the existing mining contracts will be less than projected or expected; risks that production will not commence as projected due to delay or inability to receive governmental approval of the Company’s acquisition or the timely completion of an NI43-101 report; technical problems; inability of management to secure sales

or third party purchase contracts; currency and interest rate fluctuations; foreign exchange fluctuations and foreign operations; mineral title; various events which could disrupt operations, including labor stoppages and severe weather conditions; and management's ability to anticipate and manage the foregoing factors and risks.

The forward-looking statements and information contained in this news release are based on certain assumptions regarding, among other things, future prices for coal and diamonds; future currency and exchange rates; the Company's ability to generate sufficient cash flow from operations and access capital markets to meet its future obligations; coal consumption levels; and the Company's ability to retain qualified staff and equipment in a cost-efficient manner to meet its demand. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. The reader is cautioned not to place undue reliance on forward-looking statements. The Company does not undertake to update any of the forward-looking statements contained in this news release unless required by law. The statements as to the Company's capacity to achieve revenue are no assurance that it will achieve these levels of revenue.
